Subject: 35 TEST ROAD SOMPTING LANCING WEST SUSSEX

Dear Mr Gary Peck, REFERENCE: AWDM/0725/14

I am writing in regards to the fence 35 Test Road have put up.

My objections to this fence are as follows,

1: Although it is shorter towards the end of the drive way it is still of some height. The neighbourhood children, that are not old enough to go to the park or other play areas around the estate play outside on their bikes & scooters. With the fence being there & being so big the children cannot see any cars coming off the drive of number 35 & the driver cannot see any children coming there way, therefore it is dangerous to the children.

2: With the appearance of the fence, neither its size or colour is in keeping with the rest of the road, or even the estate. No where else in this open plan road has anyone got a fence of that size outside their property.

3: With my house being in the position it is, it faces the side of number 35. Both myself & my children find having a 6 foot black fence being all you can see out of our living room window it is quite intimidating.

Thank you very much for taking the time to read my email,

Yours sincerly,

Ms Leanne Hunt.
