Stance: Customer objects to the Planning Application

Reasons for comment:
- Highway Access and Parking
- Other

Comments: Parking within the close becomes very busy with some residents from Highdown parking here, usually big vans which take up all the space. People also tend to park right on the end and corner of the close making it very difficult to see when pulling out. We have young children of which like to play in the close under our supervision and this sometimes proves impossible due to the amount of cars. We would also request that people do not park on the grass area as this is where the children play, when drivers do this they churn up all the grass making it muddy, slippy and dangerous. We have concerns over the access the residents would have to these properties and how and where they would park their cars. Adding another two properties to this already built up area would only make these problems worse.
