Reasons for comment: - Highway Access and Parking

Comments: The introduction of two more dwellings in the position proposed will create a parking nightmare with no off road parking.
Highdown is already struggling for parking space and this particular position is already creating a dangerous blind spot for vehicles exiting Highdown Close and Ridgeway.
Highdown is constantly used as a short cut for many cars and larger vehicles exiting the A27 with a route through Mileoak and then through Highdown.
I feel that it is only a matter of time before a major accident accurs and leading to loss of life as we have often witnessed cars screeching to a holt due to seeing the on coming traffic to late.
I STRONGLY urge you to consider this when making your .decision and remember this if an accident should occur
