Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise
Comments:	I object to these lights being on for that length of time --- these are very very bright green lights and unless residents close by have "blackout" liners to their curtains these lights shine through them, as they do with modern shutters and normal blinds. They are also light pollution. This business is surrounded by residential properties, its a quite residential area - these lights being on that long will no doubt disturb the sleep of those living close by.
