Subject: Re: AWDM/1572/15 - skate park, Beach Green, Lancing

Flag Status: Flagged

Hi Peter,

The Safer Communities Team would support this application. There has been associated anti-social behaviour in Queensway, due to the lack of facilities available for skateboarding and therefore this application would therefore meet the demands of local young people.

We would support the location of the skate park behind the SE Tyres building in the bowled area as it would be least distruptive for any residents in terms of noise. This development has toilet facilities available and is well connected for young people to attend the site, with good bus routes for travel. This development complements the other activities available e.g. Perch and water sports.

Although there are other skateparks available a few miles away, younger children are unlikely to be able to travel, without parents and therefore there is a need within Lancing.

I hope these comments are of help, please come back to us if there are any other questions/ queries.

Kind Regards

Rhian

Please can I seek the views of the Safer Communities team on this proposal? There are concerns amongst Cabinet Members and residents that the proposed location is not safe and will lead to antisocial behaviour, vandalism and other crimes (being too close to toilet block and hidden behind SETyres building). They would prefer to see it located at the eastern end of Beach Green.

What are your thoughts?

The application can be viewed on Public Access at link below:

https://planning.adur-worthing.gov.uk/online-applications/

Thanks

Peter
