Subject: Re: 1992/20 - 64 Ring Road

Hi Marie

I have no objection to the application but I would agree with the neighbour that the A/C units should be lowered to ground level. I can not see any photos on the portal, but looking at Street View there is a dormer window on the neighbouring property overlooking the units. I would suggest positioning them at ground level between the two windows on the western elevation.

Regards

Michael Lavender
