I wish to object to this application.

Firstly I was not aware of a previous application in respect of these matters.

Secondly, the external coloured lighting is not acceptable, let alone on a listed building even if the applicants only wish to reposition some of the external lighting.

This is, in effect, a retrospective application for work already carried our without Planning approval and without Listed Building Consent.

This application should be refused and if necessary enforcement action should be taken to remedy this breach of Planning Control and Listed Building Consent.

When the extension above the restaurant was built some years ago serious consideration was given to the work and every effort was made to ensure that the work was in keeping with the main Listed Building and this was achieved.

The proposed lights on this listed building are not acceptable in blue or in any other colour and I wish to register the strongest possible objection.

It is requested that this matter be determined by the Planning Committee in due course.

John Livermore
On behalf of Mr John Ip - Owner of the Imperial China Restaurant.
