Re: ADC/0330/10: Change of use to form 1 x 2 - bed flat on ground floor and 1 x 3 - bed maisonette on first and second floors (retrospective)

I write further to your memorandum dated the 9th September 2010.

I have no objection to the change of use in principle, however, it is imperative that the adaptation of the property has included adequate insulation of the structure to protect against airborne and impact noise impacting on the new separate households and the existing neighbouring property.

I hope this will be picked up under the Building Regulations but if not I would advise that a suitable condition be included should permission be given.
