Dear Mr Simmons

Proposed building extension to 3 Sandown Road, Southwick

Further to your letter dated 11 November and subsequent telephone conversation we are writing to object to the proposed extension at no 3 Sandown Road. Our reasons for the objection is as follows:

1. Overlooking our property, loss of privacy and light
2. Noise disturbance that will be caused
3. Design – looks like a detached bungalow at the end of the small garden and therefore there will be two properties on one small plot
4. It will affect the value of ours and all properties in the vicinity.
5. Effect of our trees having to be cut back

We would appreciate it if you will inform us of the Council's decision in the near future.

Yours sincerely
