Letter of Support for New Clubhouse and Café at Hill Barn Recreation Ground

Dear Sir/Madam,

I am writing to express my strong support for the proposed new clubhouse and café at Hill Barn. This development would be a valuable addition to the local community, particularly for those of us who regularly use the recreation ground for football. At present, there is a lack of sheltered, welcoming space where players, families, and supporters can gather before and after matches. A new clubhouse would provide much-needed facilities such as changing areas, seating, and a central hub for community interaction.

The addition of a café would further enhance the experience by offering a warm and inviting place for people to meet. It would create a friendly atmosphere that encourages not only regular players but also new participants—especially young people—to get involved in football and other activities. Having a safe and inclusive environment is essential in promoting physical health, teamwork, and community spirit.

Importantly, the clubhouse and café would help bring people together across different age groups and backgrounds. Whether its parents watching their children play, local teams gathering after matches, or residents simply enjoying the space, this development would strengthen community bonds and make the recreation ground a true focal point for the area.

In summary, I believe this proposal will greatly improve the facilities available, provide a welcoming place for people to play football, and contribute positively to the wider community. I fully support the plans and hope they will be approved.

Yours faithfully,

Jenny Taylor
