Dear Mr Peck,

I am writing to express my strong support for planning application AWDM/0291/26 regarding the proposed extension to the Worthing United clubhouse at Hill Barn to include a café.

This development represents a valuable investment in the local community. The addition of a café will provide a sustainable source of income for the club, helping to ensure its long-term future without reliance on external funding. As a not-for-profit organisation, Worthing United reinvests its resources directly back into improving facilities, supporting grassroots sport, and enhancing the wider park environment for all users.

Facilities like this are essential for creating inclusive, community-focused spaces. The café will not only benefit players and families involved with the club, but also other park users, offering a welcoming place to gather and contribute to the overall vibrancy and safety of the area.

Supporting this proposal is ultimately supporting opportunities for young people, families, and the wider community to engage in positive, healthy activities in a well-maintained environment.

I strongly encourage the council to approve this application.

Yours sincerely,

Luke Osborne
