Subject: Proposed Development

Dear Sir;

I tried to contact you regarding the proposed development of the shop under my place but seem you were on leave.

I' am writing this letter to inform you that I can't accept such development to take a place. I have rented this place one month ago for my family, two adults and three kids, if there was a take way under my place I won't rent the place at first place and the reasons for that are:

1- It will be a noisy with extracting and ventilating fans. My wife she just recovered from a major operation in her head after a deadly accident and these noises will defiantly kill her beside when you back from a busy day you need to take a rest in your flat.

2- It will be a smell around the place which will force me to close all my rear side windows, such think is unbearable.

3- In the back space of the flat there is a room to place a clothing rack with such extraction/ ventilation all smelly and greasy vapors will stick to the cloths, this is another thing which is totally inconvenient.

Please notice I have no objection to use the place as a normal shop but; a hot food take away shop where extraction and ventilating equipments need to be installed sorry I can't accept that.

Please appreciate and take into consideration the reasons behind my rejection for such development and advice what is the next step I should take.

Thanks and
Best regards,
