Location of development to which application relates
6 Seadown Parade Bowness Avenue Sompting Lancing

Comments

This is a residential area, and already has two hot food / take away establishments. Parking is quite often a problem, and the smells from extraction fans will affect all living in the area. There are plenty of shops available in Lancing town and also plenty of hot food / take away establishments in the local area. We are constantly disturbed by car doors opening and closing once we have retired to sleep - more evening use of

these shops will increase the noise during the evening. We strongly oppose the use in the evening and would not like more contamination in the air ~~either~~ more than we are already subjected to from the Chinese, and no doubt noise pollution from the extraction fans will be a nuisance we will not want to tolerate
