FAO Marie O'Keeffe

To whom it may concern

I currently reside at 30 Pratton Avenue, application is from my neighbours.

I am writing in support of their application of single storey rear extension and new windows in existing side wall & proposed hip to gable loft conversion including rear dormer and 2no. rooflights.

It is a good design that both respects & enhances the local area.

As a young family, the additional space created will bring improvement to their daily lives & turn this original bungalow into a modern home.

Please feel free to contact me as required if you need any additional comments.

Kind Regards

Linden
