Address:	41 Warren Road Worthing West Sussex

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise

Comments:	Drawing P007 indicates AC will be installed in the loft however there is no indication as to where the AC unit will be installed and therefore our current position is that we object to the application. However, we would be happy to support this application if the applicant confirms where the air conditioning unit will be installed. We would not support the AC unit being installed on the flat roof to the left of the property due to the potential of noise disturbance/nuisance, and which may possibly have a material impact on the enjoyment of our property. Please can you confirm where the AC unit will be installed.
