Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:	- Privacy Light and Noise
Comments:	Revised comment. Drawing P007 indicates AC will be installed in the loft however there is no indication as to where the AC unit will be installed and therefore our current position is that we object to the application. However, we would be happy to support this application if the applicant confirms where the air conditioning unit will be installed and we are satisfied that the installation will not have a material impact on the enjoyment of our property. Please can you confirm where the AC unit will be installed.
