Reason for Lawful Development Certificate

Please indicate why you are applying for a lawful development certificate

- ◯ An existing use
- ⊘ Existing building works
- ◯ An existing use, building work or activity in breach of a condition

Being a use, building works or activity which is still going on at the date of this application.

Description of Existing Use, Building Works or Activity

Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates

Consent was granted under AWDM/1061/20 for 4no 3 bedroom houses which occupy the Northern part of the site and for a timber clad barn which occupies the Southern part of the site. Building works commenced on the barn on 05/10/24 and boundary treatment to Western and Southern boundary have been completed as per Condition 7 in the decision notice dated 12/10/21.

Grounds for application for a Lawful Development Certificate

Under what grounds is the certificate being sought

- ☐ The use began more than 10 years before the date of this application
- ☐ The use, building works or activity in breach of condition began more than 10 years before the date of this application
- ☐ The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years
- ☐ The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.
- ☐ The use as a single dwelling house began more than four years before the date of this application
- ☑ Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

If the certificate is sought on 'Other' grounds please give details

Grounds for an application for a lawful development are that the development permitted was substantially commenced prior to 12/10/24 and therefore condition 2 of application AWDM/1061/20 has been met.

Condition 2 - The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Is the certificate being sought for a use, operation, or activity in breach of a condition or limitation?

◯ Yes
⊘ No

Please state why a Lawful Development Certificate should be granted

A lawful development certificate should be granted because substantial building works have been started to the barn which forms part of the application, as well as completion in part of conditions (boundary treatments). Works have therefore begun meaning condition 3 of application AWDM/1061/20 has been met.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No
