18th September 2009

Att: Carlos Hone

Dear Sirs

Ref: ADC/0286/09
Site: 184 Downside, Shoreham-by-Sea, West Sussex. BN43 6HD
Proposal: Loft Conversion with Front Dormer.

With reference to our telephone conversations, I have revised the rear dormers and now calculate the additional volume added by the dormers and side gable as follows:-
1. Front Dormer 9.6m3
2. Rear Dormer 18m3
3. Gable End 20m3
Total added volume 47.6m3
I understand that permitted development allows for up to 50m3 to be added, so this falls within the allowable limits.
I have attached extracts from the revised plans and will put the full copies in the post.
I hope that this will now enable you to look favourably at the application.

Yours faithfully

P Davey
