Reasons for comment: - Other

Comments: We are concerned for the security of our premises due to the building being built on the existing boundary line. If planning is granted this will effect the security of our property while it is being built. We would prefer that our existing fence is not touched or removed while building work is being carried out. Furthermore we do not give permission to carry out these works from our property. We do not have any objections to these works if they do not effect the existing boundary or the fence thereon.
