Reasons for comment:	- Design - Privacy Light and Noise
Comments:	The proposed increase to the height of this property is even more upsetting than previous plans we have objected to! This will be totally out of keeping with the area. The Juliette balconys over looking the flat roof will no doubt lead to access to the roof from the opening doors - otherwise why would they want doors? This will mean considerable loss of privacy not just to our rear garden but also they will be looking straight into our 3 upstairs bedrooms. Our neighibours will suffer greatly!! A first floor extension is acceptable but NOT with doors and balconys. I can only re-iterate what i have already said several times but this added height is just adding insult to injury! PLEASE DO NOT ALLOW THIS!
