Dear Sirs

Re: Planning Application in respect of 77 Greenways Crescent

I have no objection in principle to anyone who wishes to extend their property, but in the case of the above application, I do object. The whole project is completely over the top. The owner of 77 is requesting that the house be extended sideways, upwards, and outwards at the back; as well as more dormer windows than a dormer window showroom.

The reason I am writing this letter is really in support of numbers 75 and 79. These two properties are the ones that are going to be affected by this huge development proposal. Greenways Crescent is a bit of a community, more so than most roads/streets/crescents etc, and in this particular part of Greenways Crescent, we have all got on well. It is for this reason that I am writing this letter.

I believe that the application in its present form will be too much for this corner of the Crescent. I think if it is allowed to be extended to the side it will looked "squeezed in" between no. 75 and the shared driveway. The proposed two storey extension at the back will obviously affect the privacy of no. 75. I would prefer to see a single storey approved if possible.

I hope the Planning Committee will not grant the application in its present form but will tone it down considerably.

Yours faithfully

[redacted]

Mrs S E Cotter
