Good morning,

Thank you for being in touch regards the proposed extension at 21 St Julians Close, which is to the rear of my home at 18 Chiltern Close, Shoreham by Sea, BN43 6LE.

My objection is in connection with tall trees in the rear garden of 21 St Julian, which are of a height (possibly in excess of 40ft), which contradict the Application for Planning dated 3rd February 2017, item 7 "Trees and Hedges",.

Item 7 asks the question about any trees that on the property that are within falling distance of the property in question, and the answer given is 'NO'.

This is not a correct answer as can be seen if the property were visited, and as seen in the attached photographs.

If fact if these tress fell anywhere they would cause considerable damage to the property in question or other adjacent property, including my own.

Please consider that if Planning Permission was granted then a condition of approval would be the reduction of these trees by at least half their existing height.

If you require any further information please come back to me.

Many thanks

Paul (Comber)

18 Chiltern Close, BN43 6LE
