Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Privacy Light and Noise
Comments:	Building another house on the end of number 10 will mean we will lose the morning sun significantly, and will be overlooked by a house even closer to us. Tenants will be able to look directly into our living room windows. Further to this, number 10 has fallen into disrepair as the owner doesn't maintain it to the standards she should as a landlord. We're confident that the same will happen to an additional house built onto the end of number 10. Parking is a major issue. The road is currently hugely congested and there simply isn't enough room for any more cars. Finally, it's come to my attention that a previous planning application was submitted some years ago and didn't go through. With this in mind, we whole heartedly object to this application.
