Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	This planning application will cause an already busy street further unnecessary congestion and parking issues. The site has some well established trees and shrubs which would have to removed for the works. The new building would also hugely overshadow the front of our property with loss of natural light and privacy. All the current buildings are set back from the pavement to allow for light but the high side of this building will be built right up to the pavement edge.
