Mr G. Peck,

06-August-2020

REF: AWDM/1921/18

PMC can confirm that the Downs link way public footpath is complete and open to the public, as per the images previously sent. This should complete the outstanding conditions attached to the Ropetackle scheme for official sign off to allow our client to move purchasers into their new homes.

We trust that this satisfies and we shall receive confirmation back post haste.

Thank you for your continued support and cooperation in this.

Yours sincerely,

[redacted]

R. Clarke

Pre Construction Manager
