Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Overdevelopment
- Privacy Light and Noise

Comments: To whom this may concern,

I highly object to the proposed development for the following reasons:
-This will primarily encroach on the privacy of our home and small garden and it will feel over powering on the land.
- The area between the houses is already tight and will restrict sun light even more as the days wear on.
- I have just had a granddaughter who will spend a lot of time in my house and I would like to retain a feeling of privacy in our garden whilst she grows up.
[redacted] I like to retreat into the garden and where I have created a sanctuary for myself where I feel comfortable and secluded from the world and this would be taken away from me if this was granted.

I would have no problem with a ground floor extension but the aggressive nature of double storey extension is excessive and I highly refute this.
