Dear Sir or Madam,

Planning Application AWDM/0233/25

I submitted comments on the above-mentioned planning application on 10 April 2025. My understanding from the Adur & Worthing Councils webpage is that comments are made available online in 3-5 working days. My comments have not been published. Could you tell me please let me know when my comments will be made available online?

As noted in the comments I submitted, I have twice telephoned Jeremy Sergeant at Adur & Worthing Councils Planning with queries on the above mentioned application. Neither time was the telephone answered and I have not had a response to the messages I left on the answering service.

I look forward to receiving a response.

Regards,

Simon Ware

I have twice telephoned Jeremy Sergeant at Adur & Worthing Councils Planning with queries on the above mentioned application. Neither time was the telephone answered and I have not had a response to the messages I left on the answering service. Hence my having to comment here.

In the absence of a response from the Planning Department, I OBJECT to the proposed works to the Sweet Chestnut tree. The works are being undertaken because the leaves dropped by the tree are considered a nuisance in an adjacent garden. This is not a valid reason for the works under the terms of the Tree Preservation Order.

The Sweet Chestnut is a beautiful tree all year round and has great aesthetic value. Lopping the tree in the proposed way is unnecessary and will have a huge negative effect on that aesthetic value
