Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Loss of General Amenity - Privacy Light and Noise
Comments:	Reference: AW DM/0557/23 Please consider my strong objections to the proposed planning application for 6 Eirene Road, Goring by Sea, as I believe that the proposed development will have a significant impact to the privacy on my property (Number 11 Eirene Avenue front opposite neighbour). I feel that any increase in height to the existing building creating a south facing first floor, will result in totally intrusive views directly into my kitchen, bathroom and small currently un overlooked garden dining area that is enjoyed on a daily basis. Due to the lay out of my driveway and the adjacent pavement it would not be possible to protect our privacy from anyone looking out from any of the proposed first floor windows.

With the plans suggesting a southerly first floor balcony, it would infer that this is the prime spot to look from and is directly over and into my property. I feel that the proposed plans will result in an unacceptable level of intrusion and total loss of privacy to my property.

Naomi Thompson
Number 11 Eirene Avenue

Kind regards
