16-04-2013

Your Ref: AWDM/0411/13
Regarding: 8 Upton Avenue
Southwick.

18 APR 2013

Dear Mr Porter,

Thank you for your letter d/d 10/04/13 regarding the request to build extentions, of rear roof and side dormer on the property of No 8 Upton Avenue (otherside of a shared driveway).

I do not object to the planned building extentions because I believe, for a large family, it is necessary. I do however have one major concern and that is "Parking".

* Yesterday 15/04/13 I contacted the planning services office and they suggested that I write this concern, in a letter, for your attention. *

In Upton Avenue, all parking is on my side of the road, and more often than not persons park their cars outside my

P.T.O.

bungalow. At the present time, because No 8 is vacant, I am able to park off road in the driveway. When the family move into No 8 there will be 7 cars (one for each of the family) plus a builders vehicle. This will be an additional nightmare.

I am a 'Blue Badge' holder, the serial No 157491.

My request is - Is it possible to have an area, outside my bungalow, marked "Disability Parking", this will ensure a place will remain vacant for my vehicle.

Thank you for your time - hope you will be able to help me.

Many Thanks

Yours sincerely

[redacted]

Mr R. A. JONES.
