Design and Acess Statement

Planning Application made by Mrs. **C.S.Marron**
of **69 Manor Rd.**
Lancing.

The application is for the placing of a Greenhouse, which shall be used for the propagation of both Flowers and Vegetables.
The Greenhouse is to be set within enclosed courtyard adjacent to the western boundary wall which is 2.4 meters in height. The height of the Greenhouse is 2.345 meters, Length 4.386 m and Width is 1.928. The construction is of Aluminium frame and toughened safety glass. The whole is set away from the wall by .3 m to assist the clearing of leaves and other detritus.
As the courtyard is of a rather stark demeanour, paved throughout, many plants and small trees have been set in Planters around the interior face of the wall and it is felt that this Greenhouse, as well as being of a practical use will make a colourful addition to the front of the bungalow.
The placing of the Greenhouse has been carefully selected so that it is in close proximity to the potting shed and also is only minimally visible to passers-by.
