COUNCIL
PLANNING DIVISION
PLAN No. A0620a/08
12 JUN 2008
RECEIVED

**Extension to**
**29 John Street, Shoreham by Sea, West Sussex**

**Design and Access Statement**

Amount

This is effectively a two-storey extension in place of the rear porch at the existing property, although the first floor accommodation is substantially within catslide roof.

Layout

The property is a mid-terrace property, for the purposes of description facing due eat. This is a high-density residential area, having a road at the end of the rear garden.

Scale

The extension will be some 2½ M overall width, 3M depth and max. 4.8M high.

Landscaping

The extension is in the rear garden to the existing property. It is not intended that there will be any specific landscaping to the area.

Appearance

The walls and roof are all to match the existing property. The use of a catslide roof to extend down to ground floor ceiling level results in minimum extension at first floor level, but proving adequate room for a bathroom where there is not at present. The design is such as to make the least impact on the neighbours as possible and is situated to the south of the site, thus avoiding any loss of daylighting sun to the adjoining property on the north side.

Use

The property is residential

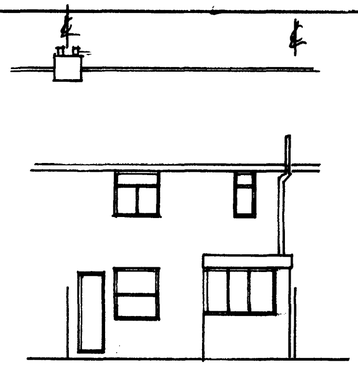

Access

The extension is part of the main building. Access can be via the front or via the road at the rear, Ship Street, where there is already access for car parking.
