Comments:	Firstly, I would like to state that I only object to the dormer part of this application. I have no problem with the replacement of the conservatory with a new extension. My concern is with the dormer addition, and its scale. If completed, this development would cause my garden and living room to be very over looked, as unfortunately our properties are very close together. From the plans it looks to be a very large dormer. One option I could potentially support would be a reduction in the size of the dormer and windows (there is a property 2 doors along in Southview close with a smaller dormer) With kind regards, Parklands resident.

Kind regards
