Commenter Type:	Agent
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Privacy Light and Noise - Trees and Landscaping
Comments:	The communal space outside (riverside location) which was recently completed, does not reflect the design originally shown on purchase. It feels far from 'luxury' and 'thrown together'. The trees and planters are 'cheap looking' at best. The whole feel of the area is very disappointing. Also there is access for anyone to roam the area which leads to possible security issues and allows for any of the public to use as they wish. The residents committee will be offering a recommendation that would implement the original design, that would suit the environment both ecologically and in line with the original plan.

Kind regards
