Subject: ADC/0298/09

Ref: Store building at rear of Nos 258-262 Upper Shoreham Road (with access ramp) (ADC/0298/09)

Following you granting planning permission for the above development I have spoken with our agent who prepared and submitted the plans (Mr King) and asked him if I had to notify you when the contract was awarded to commence the work. He said there was no need as you had not indicated the need for notification.

Just to be on the safe side I wanted to inform you that a contractor has been awarded the contract and he is now proceding to build the concrete base.

If there is any need to notify you at any stage in this construction process could you please let me know.

Regards

Mr P Still
