Address:	4 Elliots Cottages North Street Worthing West Sussex

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	We live opposite and in very close proximity to the properties and although they have installed blinds you can see directly in to our home from their windows. The property requesting the change is on our property boundary. As the property has been worked on we have been able to see the layout, work done and items purchased/installed as we are that close (within 8 meters). The proximity to our neighbours opposite hasn't been a problem previously as the obscured glass gave both us and the other residents privacy. We live up an alleyway and do not feel that it is safe to be overlooked to such an extent as it is quite secluded. We feel that the obscured glass was in the benefit of everyone living in the area.

Kind regards
