Reasons for comment:

Comments: AWDM/1236/26
AWDM/1166/26

A few days ago, I became aware of planning application 1236/26 - enhancement of front entrance to Care Home, car park, etc - which I have drafted a response to. My response comes in two parts. Whilst the proposed changes do have their attractions, in the first part I plan to make some detailed comments.....

In the second part, my plan has been to query why the Authority has consulted neighbours on the application, but they have not consulted any residents. I reside in 14 Westbrooke, have visitors who park their car in the Home's car park (when space allows).

But two hours ago, I discovered a second - linked - planning application: 1166/26. This is for the remodelling of two houses in the adjacent road to form 14 new bedspaces as an annexe (with a possible variation) to the Home. Again, my response is planned to be in two parts - detailed comments and consultation practice.

I believe that the consultation period for the first application ends next Thursday, and the second application today.

At this stage I look forward to hearing from you on the consultation issue

---

Kind regards
