Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Privacy Light and Noise
Comments:	The roof terrace balcony means I lose privacy in my garden and in my house as you will be able to see directly into two bedrooms and the kitchen. There's nothing else like that on the road, it will invade people's privacy if this one is allowed. Their garden is also quite short (depth) so the balcony will be close to my garden and hard to obscure even with maximum height fences they will be able to see all of my garden and into my house

Kind regards
