Address:	1 Southview Terrace, West Street, Sompting Lancing, West Sussex BN15 0AP

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Other - Overdevelopment - Privacy Light and Noise
Comments:	I strongly object to the above proposed plan, the noise pollution from the Marquee in the garden of the Marquis is already offensive to us all in West Street despite our double glazing we are still subjected to this not to mention trying to relax in our gardens! It's actually really upsetting for me when I come off night shift and in the Summer want to take a little time to unwind in my back garden to have to go inside and close all the windows just to get some "down time" and then I can't because it's so noisy! The pub is quite large enough to accommodate the customers and host functions inside its premises,if this is permitted this would then become an all year round issue and is quite unacceptable. Sompting Village is a "Village" not a City it is also supposedly a "Conservation Area" the traffic issues as everyone knows is already out of control with the angry rat running motorists this will contribute highly to the traffic problem and parking, the level of pollution which we have to contend with affecting health issues and potential accident hazards with cars parked all

through the Street when these functions take place on and off the curbs obstructing the pavements and not to mention making it impossible for us to park outside of our homes. The whole proposal is totally inappropriate for this area and unacceptable, with the pub having been shut for a few months we have had a small reprieve from the horrendous noise we have to contend with day in, day out, it would be gratefully appreciated if these comments could be taken into account with some consideration and compassion towards the local residents living in our so called Sompting Village in a conservation area! Philippa Nudds
