Thankyou for your letter re the proposals made by AWDM/0769/13 re Cafe opening hours and the selling of food for "take away". I fully support these proposals, it will enhance Lancing tremendously. It is fresh air, not having place to take family and friends out for meals etc near the beach.
The beach is one of the outstanding features of Lancing + apart from a Kiosk, selling the usual "fast food" there are no facilities, please, please agree to all the proposals made. You must see + use the people of Lancing what a huge asset

it would prove to be. I am 74 yrs old, and so would love to be able to help in getting this wonderful opportunity to improve dancing take off.

Yours Sincerely
