Dear Sirs

Planning application - 21 Halewick Lane, Sompting, Lancing, West Sussex

I write with reference to your letter of 23rd March 2011. I confirm that I have viewed the plans and have no objections to the proposed development, but I wish to make two requests which relate to my privacy once the new houses are built:

That the present dilapidated fence between my property and the development be replaced with a new wooden fence two metres high.

That the window on the side elevation of the new property overlooking mine should be in opaque glass. From the plans I believe this is the case anyway, but I wish to confirm it.

Yours faithfully

[redacted]

Molly Glover (Mrs)
