Worthing BN11 1HS

Objection To Proposed Planning N° AWDM/1597/23
6 The Boulevard Worthing BN13 1LB
Two Storey Rear Extension

Dear Mr Albon,

Thank you for your telephone call today 10th January regarding the above proposed extension to our neighbor's property.

We are dismayed by the dimensions of the proposed extension which will be projecting almost a third alongside the length of our back garden. This will have an adverse effect on the

light to our home and obviously our garden.

The depth being proposed of 4.8 metres far exceeds any extension plans granted and built to any properties adjacent to ours or in the immediate vicinity. The noise and disturbance in building such a large extension will be immense. We therefore strongly object to the proposal.

We received your letter of the 8th December on the 13th December and immediately visited the planning office to view the plans. We were unable to establish the exact dimensions at that time.

We telephoned your office on the 20th December leaving a message which you responded to on 22nd December when we, unfortunately were not at home. Christmas holidays and family prevented us from pursuing the matter until now.

Yours faithfully,

[redacted]

(MRS. JEAN VALENTINE)

(MR. GRAHAM VALENTINE)
