Comments: I feel the outdoor grill is to much for the surrounding neighbours. Im currently in the first block over looking the current exhaust that was never full propsed the first time and at present it is already chucking out a lot of smoke. last year with all the north west and north eastly breeze we had there was a constant smell of fatty cooking in my flat and around marine court. Adding more cooking equipment will just compound the issue even more. several times i have also come home and noticed the children climbing on the dividing wall where the play area is located. adding this feature will make the place even busier than it is and potentially add to these issues. As much as im glad the pub as remained I feel this potential addition isnt really fair for the rest of us living next to it. Thanks Ash
