Comments:	We are the Freeholder of 25 Buckingham Road: We have asked DW Electrics to re-site the proposed bin store to 23 to the new boundary wall adjacent to the pavement. We have concerns re. smells and noise close to our Ground Floor front room window. Rear garden boundary wall between 23 & 25. All other boundary walls in the row are considerably higher than the existing wall. As a commercial property this was not an issue. However as a residential property we would like to see this wall raised in line with the other boundary walls to give greater privacy.
