Comments Details

Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Reasons for comment:
- Design
- Highway Access and Parking
- Overdevelopment

Comments: The height of the proposed flats are totally detrimental to the surrounding area and will destroy the ambience of the town. The number of flats proposed and the type of retail etc will cause an exteremely large increase to traffic in an area that is already considerably congested at certain times of the day. Additionally acess would be problematic by road. Parking is already a problem in the town, and although some provision has been made, is it adequate? The additoon of yet another supermarket is totoally inappropirate with a large Morrisons across the road from the site. The town already has many vacant retail sites, which have been vacant for many months, why add more?
