Subject: ADC/0257/09 External decking at rear and part of west side and replacement of rear windows with door

Dear Hannah

I have now had the opportunity to review the above application and would make the following comments.

It is my understanding that the rear patio area has been available as an outdoor drinking area previously. Although the new decking and access door does make the area more attractive and likely to be used, it is not something I feel I can object to.

I have brought the application to the attention of the Licensing team for their actions as they see fit, but the area can only be used until 2320 hours Mon-Sat and 2250 hours on Sunday under current Licence conditions.
