Proposed rear extension at 14 Upper Kingston Lane, Southwick

Description of Works –
The proposal is for a single storey flat roof extension at the rear of the property at 14 Upper Kingston Lane of brick built construction with double glazed window and patio doors of similar size and location to the existing rear elevation.
The proposed extension is intended to project 4 metres from the rear face of the existing building with an eaves height of 2.5 metres and a maximum height of 3.5 metres providing a partial flat and partial sloping roof with Velux type windows in the sloping section for additional light into the space.
