I would like to oppose the application for an extension to operating hours at the above address.
My reasons for this are as follows.
This is predominately a residential area which Ready Steady Store where aware of when they took on the premises.
In my opinion the extended trading hours would compromise safety with the increase in traffic. This would also create additional noise and disturbance right at the bottom of my garden. I'm also guessing the security spot light would be used for increased hours which is incredibly bright. At present it is turned off at 9 pm, any later would be incredibly intrusive.
I also believe a previous application for an increase in trading hours was rejected.
Myself and my neighbours endured an horrendous experience with the previous occupiers where they continually breached trading hours which caused much distress and sleepless nights.
I would urge you to discard this application.
Many thanks
