ARCHAEOLOGICAL ADVICE

RE: Union Place Car Park, Union Place, Worthing

The application is for *Approval of details reserved by condition 12 (Archaeological Watching Brief) of application AWDM/1618/23*.

The submitted Written Scheme of Investigation (WSI) suitably outlines the methodology and archiving requirements of an appropriate scheme of archaeological investigation proposed to be undertaken on the development site.

As a result, I am happy to recommend the discharge of the pre-commencement elements of Condition 12, to allow the archaeological investigation to be undertaken.

The remainder of Condition 12 should not be discharged until the completion of the scheme of archaeological work defined in the WSI (including any subsequent mitigation measures, as appropriate), and the submission and approval of an archaeological report detailing the results of the same.

Please do not hesitate to contact us if you have any queries in relation to this advice.
