Hi Jo

I would support this application.

There is certainly capacity for additional rooms in Worthing in the summer months and for there to be accommodation which is fully accessible would be very welcome. The Burlington is the closest we currently have to a more modern/contemporary style product which helps Worthing attract a new/different market. The addition of spa facilities and more rooms of this type will be of benefit to the town. I would imagine that the removal of the night club will only go to improve the quality of the evening economy in the area for both the Burlington and the Beach Hotel (and its successor) and any other residents in the area.

If I can be of any further assistance please do let me know.

Regards,

Hi Janice,

This amended application is essentially a re-submission of the earlier proposal. Whilst supportive in principle of the previous scheme, we had concerns about its compatibility with the main Listed Building and also the impact on the Imperial China restaurant – hopefully these concerns will have been addressed by the new application which is due to be reported to committee on 11 May 2010. I would appreciate any comments you may have, to include in my report.

Regards,

Jo

Hi Jo

I've received the application for The Burlington Hotel to comment on.

I remember seeing an application form the Burlington not so long ago. Is this simply a resubmission of that same application? Or are there changes to that original application?
