Comments Details

Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Design

Comments: Thank you for your kind letter and invitation in for a chat :-)

During informal discussions you have kindly said the building will not be higher than conservatory, you will be using the existing conservatory wall by our boundary wall and the new building will not go out as far as existing conservatory.

We are happy with all that has been said - all we would like to see in writing is confirmation re the above:

*how close to the boundary wall (using existing conservatory wall as discussed)
*it is not a problem if you go out as far as the existing conservatory so just confirmation of those measurements would be great
*the roof is no higher than existing conservatory

So all as discussed - just can't yet see any of the above in a document.

Many thanks and please be assured of our on-going support based on all our neighbourly discussions.

Many thanks and see you soon
